**EXTRA! EXTRA!
WEST
ARUNDEL
CHARTERED!!!**

We learned this month that our West Arundel Branch was chartered on October 12, 2006. More info later but mark your calendars - they are planning a Charter Night Celebration on June 1, 2007 at the Ft. Meade Officers Club. We are honored to be the sponsoring club of the first new club in the District in quite awhile and will want to be there in full SRLC force .

KING LIONS ROAR!!!!

Fellow Lions,

Happy New Year!!!! And all those other January and February holidays! Red (a good part of this issue) is for Valentines Day – give someone you care about a hug! Can you believe that it's 2007 and half the current Lion Year has gone by? Time to reflect on where we've been and where we're headed. Let's take a look at the GOALS we established at our retreat last June:

SRLC GOALS 2006-2007

1. Support Lion Dick Bloomquist's campaign for DG. ✓
2. Support the goals of District 22A and LCI. Strive to repeat attainment of all

NOTICE TO MEMBERS

As required by the constitution and bylaws of the Severn River Lions Club, notice is hereby given that the Nominating Committee will present a slate of officers for 2007-2008 at the General Membership Meeting on February 20, 2007. Nominations from the floor will also be taken at this meeting.

Voting for officers for 2007-2008 will take place at the regular meeting on March 20, 2007.

King Lions Roar continued:

- District awards including Five Star Club award. ✓ **We're right on track.**
3. Increase our number of ACTIVE members and continue to support the effort to charter the West Anne Arundel Branch. ✓ **West Arundel LC has been chartered and we're plus 1 in active members.**
 4. Encourage participation by all members in SRLC activities. Use Membership & Retention Committee to facilitate participation of Members at Large, Affiliate members, and new members to participate in SRLC activities. ✓ **Ongoing**
 5. Form a new LEO club and continue to support our existing LEO clubs. ✓ **Ongoing; Exploring expansion of LEOs into Magothy River MS, Severn River MS, St. Johns, and Annapolis Area Christian School**
 6. Continue our support of vision screening including the Preschool Vision Screening Program. Become more involved with hearing and diabetes programs. ✓ **Ongoing**
 7. Review and improve publicity program to gain more visibility for SRLC and Lions. ✓ **Ongoing**
 8. Continue our relationships with other service organizations in our area and where appropriate form new ones. ✓ **Ongoing**

Looks like the goals we set were realistic. Community service projects this year have already included our work with Youth – LEOs, sponsorship of 7 schools in the Peace Poster Contest, Teen Court, interaction with the kids we've given scholarships, sponsoring of the Tournament of Bands trophies, Cub Scouts, and more; Blood Drives in partnership with the Elks and American Legion; participation in LASH, the LASH Eyeglass sorting and the LASH Hearing Program; Preschool Vision Screenings and Training; Vision Screenings with the Titmus machines at health fairs; sponsorship of a family to the Diabetes Camp at Camp Merrick; sailing our 50th Anniversary Float in the 4th of July Parade; monthly Adopt-a-Highway pickups; and having an ongoing twinning relationship with Ironbridge & Severn Gorge LC in Shropshire, England.

So our upcoming Plans include more of the same – continued commitment to serving our community and always looking for more ways to serve. Is there anything you'd like the club to tackle? Just let us know – or at least say yes when we come knocking... Have a great New Year everyone! (and Happy Valentines Day too!)

Yours in Lionism, KL Sue

the Vampire sent

Thanks to Tess Bloomquist and Lions Dick Bloomquist, Wayne Dudeck, Chuck Horne, Randy Roberts, and Ollie Wittig who volunteered to give their all to help save a life at the December blood drive.

It's a jungle out there. Sharp things, accidents, people getting hurt, people needing blood. I may be wrong, but I don't think so. **REMEMBER!** Sign up for the next blood drive drawing at the Elks Lodge from 1 to 7 pm on Monday, March 5, 2007. You have to be there to win. Give a little to save a lot.

Severn River's 2006 Holiday Dinner

I think Lion Wayne (seated with wife Sharon) is taking his responsibilities as Chief Highway Maintenance Engineer a bit too far – brought his trash can along?

Lion Dick models his present from Santa – chef ala commode at your service!

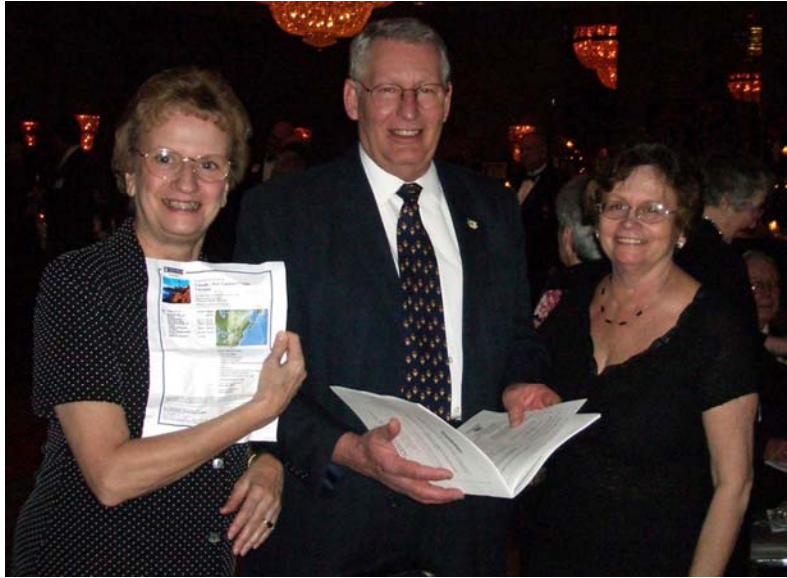

Everyone had a great time – here Nancy Earley is trying hard to keep a straight face while new member Lion Mary can't hold back the laughter – Lion Nadja and PDG Bob didn't even try – something must have been funny!!

Maybe it was Lion Rollins and the new hat and eggs(?) he received from Santa?

Lion Nancy again put together a wonderful event for Severn River Lions and their guests. She's pictured above center with her son Scott and daughter-in-law Peg.

DISTRICT 22-A SOCIAL

The District 22-A Social was held Saturday, January 27th, with International Director Howard Jenkins as the evenings speaker. Our own Lion Dick Maurer was recognized twice - once with the International President's Certificate of Appreciation for his work as District Administrative Assistant and once by the District Governor as Severn River's STAR. Shown above Lion Dick is sharing a moment with wife Fran and Sheila O'Neil, who appears to be waving a cruise flyer at photographer husband Lion Bill O'Neil. Didn't you guys just get back from a cruise!?!? Well sure, see below where Lions Bill and Dick found the home of the Playa del Carmen Lions in Mexico.

Lions Leadership Institute
February 9-11, 2007
Emmitsburg, MD**

Dear MD22 Lion,

Five years ago, Multiple District 22 started the Regional Leadership Institute. Since then, 271 Lions have graduated from this outstanding leadership program. The Institute is designed for Lions who have not yet achieved the office of District Governor. The weekend includes top-quality workshops from Lions Clubs International presented by the best instructors in the multiple. In addition, there is time for networking, making new friends, and sharing ideas and solutions to Lions issues.

The facility at Emmitsburg is a federal training facility for firefighters. Housing is in hotel-type single rooms and the food is great and plentiful. An on-site pub provides all the social environment the group needs after dinner.

Consider joining our 271 Institute graduates and experiencing what others have said is ***"the best leadership program ever attended"***.

There are 20 slots available per District. Fill out the application on the reverse side and return with a check for \$130. by January 18, 2007 to

PRESCHOOL VISION SCREENING PROGRAM

Thanks to PDG Bob Muchow and Lions Rollins Clark, Roger Knauth, and Dale Strait who screened 37 preschool age children at the Cecil Elementary School in inner-city Baltimore on Wednesday, January 24, 2007. This is the seventh school in the Homewood area of the city where Severn River Lions are saving kids' sight by screening for amblyopia (lazy eye), the leading cause of monocular blindness in children. Way to go, Lions.

GREETINGS FROM RETIRED LION DON OLSEN

Lion Don Olson retired from the SRLC several years ago, but sends his greeting to our membership. Don and his wife, Wanda, now reside in Ocean City, MD, and both are enjoying their retirements. They are both still avid bowlers (Don admits Wanda is the better bowler). They have been taking IRS/AARP Tax Training and with an ample supply of computers in their home will provide income tax preparation services to the elderly in the area. That should help keep some of these seniors out of tax jail! In addition, Don and Wanda are enthusiastic members of the Ocean City Reserve Police. Don was an outstanding SRLC member and was awarded a Melvin Jones Fellowship. He still has many fond memories of his SRLC experiences. He is a Life member of the American Legion and hopes to visit the SRLC when he returns to the Severna Park area.

Two Diagnoses: Eye Condition Reveals Multiple Sclerosis

Ask VSP network doctor Marty Carroll, O.D., to estimate the value of a yearly eye exam, and this cheerfully upbeat eye doctor won't mince his words. "Take it from me, an annual eye exam can be absolutely priceless at times," booms the Cheyenne, Wyoming, practitioner. "I'm talking about situations in which the eye doctor discovers the symptoms of a significant medical condition – and then quickly refers the patient to medical care. In that kind of situation, rapid intervention can protect quality of life or even help *save* a life. How can you measure the value of that?"

To illustrate his point – dramatically – Dr. Carroll describes a recent case in which a young mother of two children came in for a supposedly "routine" eye examination . . . and left with a doctor's referral that quickly pinpointed her early-stage multiple sclerosis (MS). Until the visit to her family eye doctor, this 34-year-old mom had no inkling that she might be suffering from this chronic, potentially disabling illness – a disorder of the central nervous system that currently affects more than 300,000 Americans.

Caused by a variety of factors and so far incurable, MS can lead to increasing loss of muscular function, growing weakness and even total disability for patients who fail to have it diagnosed early and then treated effectively. "When I examined the patient, she mentioned that she'd been experiencing some blurred vision and painful movement in one eye. She also reported a reduced ability to distinguish colors. As soon as I heard about those symptoms and also noticed that she had a discolored optic nerve, I went on double alert. Why? Because those indicators often signal the condition known as 'optic neuritis,' which is frequently associated with MS in younger female adults."

Although optic neuritis (chronic inflammation of the optic nerve) can also be triggered by viruses, bacteria or even autoimmune disorders such as lupus, the culprit often turns out to be MS, says Dr. Carroll. "Research shows that more than 55 percent of all MS patients will develop optic neuritis," he notes, "which is why I start looking for possible symptoms of MS whenever I learn a patient has inflammation of the optic nerve. In this young woman's case, I was able to refer her to a neurologist who made the MS diagnosis and got her started on an effective treatment program right away. This patient was very smart – because she schedules yearly eye exams for herself and her family."

Is Marty Carroll sold on the idea of regular, health-protecting eye examinations for all of his patients? "You bet!" he says with a determined grin. "Just think about it for a second. An eye exam takes only a few minutes, and then you can rest easy, knowing your vision is being protected. But what if that exam helps you uncover a medical condition that could vitally affect the quality of your life? How could you ever put a price tag on that?"
