

### SRLC PICNIC on the Severn River

For the fifty Lions and guests arriving at Linstead Beach for the annual SRLC picnic the weather and the view was ideal. The daytime temperature had moderated and the breeze off of the Severn River promised a delightful evening of socializing. Guests got to enjoy the beautiful vistas along the Severn River while enjoying cold drinks furnished by Pete Geis's bar. For about a half hour attendees mixed and socialized and got reacquainted. **District Governor Daniel Scott** and wife, **Mary Beth**, were in attendance and expressed their appreciation to SRLC for the invitation. King Lion Chris Werth got the crowd's attention and officially began the picnic with the traditional Lions opening. Chris announced that food was ready and guests moved to the serving line where Bob from Adams Rib had set up long tables filled with delicious food-appetizers, salads, side dishes, ribs, chicken wings, and dessert. Lions commented that Bob did his usual great job of providing delicious meals for SRLC. Soon the only sounds heard were comments about the quality meal and KL Chris had the guests give Bob a well deserved round of applause.
